1. INTRODUCTION

The Northern Rowing Council firmly believes that a strong Vision Statement and related objectives can help and guide the development and future growth of rowing in the region as it develops under the overall umbrellas of the National Plan for Sport, The ARA Whole Sport Plan and the Regional Plan for Sport. It is the purpose of this document to articulate the regional Vision for Rowing, highlight the key needs and to formulate proposals and priorities for action over the period 2005-2009 that build on the developments from the present regional plan.

Over the past five years rowing in the region has seen increasing numbers of people participating in the sport and these numbers look set to continue to grow in the light of international success by our national rowing teams.

The new regional plan will continue to build upon our key regional successes, continuing to develop what has worked and encourage further innovation to ensure the development of rowing in the region is sustained. Key regional successes include:

- The award of funding to Durham University in partnership with Durham ARC and East Durham College to develop World Class Potential and the World Class Start Centre at Durham City
- GB Under 23 and Junior representation culminating with medal successes at both levels in World, European and inter- nation competition (Appendix 3)
- Successes at the National Schools Championships, National Championships, BUSA, and Women's Henley and Veterans Championships at National and International Level.
- The continuing success of the NRC Long Distance Sculling Series
- The introduction of new events The Sir Steven Redgrave Sprint Challenge at Tees
- Project Oarsome
- The establishment of the Tyne Rowing Partnership
- The development of web based communication across the region

There has been wide consultation within the region that culminated in the production of a regional SWOT and individual club SWOTs to inform the preparation of the new Regional Forward Plan. The results of the National Club Survey will also be used to assist in the determination of priority actions when drafting the Action Plan

This document is a working tool that will guide the work of the Northern Rowing Council over the next 5 years and will be subject to annual review in order that changing circumstances and unforeseen developments can be accommodated. The key to the overall success of this plan is the in-built flexibility that the annual review process will provide

2. THE VISION,

TO PROMOTE AND SUSTAIN A REGIONAL INFRASTRUCTURE THROUGH PARTNERSHIP AND COLLABORATION TO DEVELOP ROWING AS A VIBRANT, EXCITING AND EASILY ACCESSIBLE SPORT THAT PROVIDES OPPORTUNITIES FOR PEOPLE OF ALL AGES AND ABILITY TO PARTICIPATE AND REALISE THEIR FULL POTENTIAL.

To achieve the aims set out in the Vision Statement it is recognised that the approach must consider and encompass a commitment to the following values and principles:

• To seek to ensure that those people with particular need in relation to all aspects of rowing have their aspirations met

- To communicate widely and effectively all existing and new opportunities for those participating and wishing to participate in rowing
- To make new and innovative recreational opportunities available
- To provide learning opportunities for all so as to ensure lasting delivery of all aspects of rowing
- To develop effective partnerships within rowing and to demonstrate the benefits of developing partnerships with bodies and organisations external to rowing
- To ensure delivery of services and development of initiatives that are positive, enabling and empowering for the rowing community to ensure their sustainability going forward

3. KEY THEMES AND PRIORITY ISSUES

Over the past 6-9 Months the Region through the Northern Rowing Council has conducted a Needs Assessment for rowing in the region in the form of a SWOT analysis. A detailed examination of the SWOTS has identified priority needs that are highlighted under each key ARA theme. These priority needs together with proposed actions are set out, where appropriate, under the key themes identified by the draft National ARA Forward Plan 2005-2009. These themes are:

- Organisational Effectiveness
- Elite Rowing
- Coaching and Technical Education
- Clubs and Members
- Competition
- Increased Participation through Innovation
- Young People
- Volunteers
- Athlete Development

KEY THEMES

4.1 ORGANISATIONAL EFFECTIVENESS

NEED:

- Develop effective communication links to minimise the effects of a wide geographical distribution of member clubs, maximise effectiveness, avoid duplication and ensure the region speaks with a united voice
- Develop proposals for a 2000m Rowing Course
- Develop a Centre of Excellence on the Tyne to complement the existing Centres on the Wear and Tees
- Requirement for modernisation of facilities to meet current legislation
- To ensure growing volunteer base is aware of equity issues and policies
- To ensure adequate opportunities for all capabilities
- · Change the perception relating to the accessibility of the sport
- Improve collaboration
- Raise the region's profile with the ARA and other regions

STRATEGIC OBJECTIVE

To achieve a well organised, effective regional structure with robust policies and administration providing strong local leadership, an infrastructure to represent the interests of its members and rowing to the National Governing Body and with the capacity to deliver a broad range of services within the region to substantially increase participation and to assist the sport to excel on the World stage

Aims	Outcomes
1.To ensure decision making processes are appropriate to assist in the delivery of national objectives	To review the structure of the Northern Rowing Council and to make proposals to ensure that the Council provides clear leadership and transparent decision making processes to ensure engagement by local clubs and that the volunteer and professional policy and executive functions are appropriate for the development of rowing and delivery of approved programmes.
2.To keep policies and practices under review to meet national requirements	Continue to promote key ARA policies and to work with clubs to ensure their full compliance and implementation where relevant Constitutions Memorandum and Articles Water Safety Participant Welfare and Child Protection Doping Control

	Disciplinary ProceduresEmployment
	Selection Policy

	Continue to encourage all clubs to develop web sites
	To link into all new IT based initiatives introduced at a National Level
To establish effective monitoring and evaluation procedures	Establish regional base – line from National Club Survey and Regional SWOT
	Implement national requirements once known

4.2. ELITE ROWING

NEED

Develop senior rowing outside the Universities

Develop a regional performance framework to maximise opportunities for aspiring elite athletes to reach their full potential to encourage their retention within the region.

Maximise the opportunities presented by the region's resources beyond the River Wear and Tees

Requirement for club collaboration

Develop high calibre competitions that attract performance and senior rowers from outside the region

Train and develop experienced and qualified coaches and ensure their retention within the region.

Raise the regional performance profile to ensure logistical issues, affecting athletes from this region, are taken into account by the ARA International Rowing Office.

Effective co-ordination and leadership of consistent performance pathways for Junior Rowers, including World Class Start, ensuring their transition to U23 and beyond

STRATEGIC OBJECTIVE:

To assist the regional athletes to reach their full potential

Aims	Outcomes
1. To build on the growing strengths of	To establish regional performance structure that is
Junior Rowing and University	overseen by a regional Chief Coach
Rowing by resurrecting Senior	
Rowing within the region based on the established World Class Start and the High Performance programme to boost the regions club infrastructure	Develop new regional rowing structure based on rowing partnerships established on the regions three main rivers that clearly demonstrates the links to the regional performance structure
club illifastructure	To establish regional high performance programme that is compatible with ARA International Rowing Office performance pathways open to all
	Agree terms of reference for Regional Coaching Commissioner to enable dissemination of a consistent technical and coaching policy compatible with ARA International Rowing Office standards across the region
	Establish a regional rowing association to facilitate the development of high performance regional crews
	To seek funding for 3 coaching co-ordinators based on each of the three rivers in the region

To implement an integrated Talent identification and integrated performance pathway programme	Establish the Junior Commission as a fully operational working sub group reporting to the Regional Coaching Commission and putting forward representatives onto National Committees of the ARA
	Review all aspects of Junior Performance rowing and to bring forward proposals for implementation to maximise numbers of school/Junior Rowers participating and realising their potential.
	To maximise access to the Regional Junior Land Training Centre
Work to increase the media profile of regional rowing performances	Collate and publish all elite performances from the region and develop media profile to publicise the success.

4.3 COACHING AND TECHNICAL EDUCATION

NEEDS:

- Requirement for experienced qualified coaches
- Requirement for Tutors and Assessors
- Encourage the recruitment of volunteers to reduce the over reliance on a few key individuals
- Understand time constraints imposed on volunteers limits contribution
- Improve communication between coaches
- Streamline bureaucratic procedures:

STRATEGIC OBJECTIVE:

To ensure that all participants receive the coaching they need to perform to their optimum level, enjoy their rowing and improve their health. This will be achieved by improving the skill base of coaches at all levels through high quality coach education and by defining excellent career pathways for both the paid and unpaid workforce.

Aim	Outcome
1. To make the region	Undertake a review of Coaching Management Structures identify priority
self sufficient for its	targets and implement findings
coaching and	
technical	Set targets for increasing numbers of Course Leaders, Tutors and
education needs	Assessors

appropriate	FE etc
standard of	
instruction	To develop a coach mentoring scheme
	To liaise with the ARA nationally regarding the development of the
	Sequential Training Model.

4.4 CLUBS AND MEMBERS

NEEDS::

- Increase the number of senior rowers to reduce the pressure on Junior Rowers to produce all a clubs' results
- To keep clubs at the periphery of the region fully involved
- To develop a framework that encourages talent pooling
- To develop collaboration between clubs across the region
- To develop successful fund raising strategies
- To develop ways of meeting the differing needs of the athlete/participant/member to ensure club and regional aspirations are met
- Improved facilities to enable equality of opportunity for participation
- Increase the numbers of young people playing a leading role
- Improve access to rowing from major centres of population
- To make use of all available ARA support

STRATEGIC OBJECTIVE:

To increase the capacity of the Sport to provide high quality rowing opportunities through well resourced and supported clubs, by designing and implementing accredited rowing programmes, with the aim of increasing the number of ARA members by 20%.

Aim	Outcome
1. Encourage all clubs to participate and co-operate at a local level to ensure rowing develops strategically in line with the National and Regional Forward Plans and meets the needs of local communities.	Assistance to be given to clubs to publish Forward/Development Plans linked to the regional Plan Assistance be given to clubs to modernise their management structures and to seek Community Amateur Club Status where appropriate To assist all clubs working with Junior Rowers to achieve Clubmark Status. To pilot alternative accreditation for all other clubs To assist clubs to increase new members and volunteers to assist in meeting national target of 20% increase by 2009
2. To identify the facility needs of clubs	Regional Facility strategy developed and agreed in

and embark on a programme of modernization and improvement, including facilities for adaptive rowers, club boats and equipment	line with National Facilities Plan
To support the role of the regional and club safety advisors	Assist in the dissemination of good practice through the website Ensure assistance is given to attend regular education and training

4.5 COMPETITION

NEEDS:

- To develop a meaningful senior competition calendar to promote senior and elite and junior elite rowing within the region
- To develop an annual calendar of other rowing opportunities

STRATEGIC OBJECTIVE:

To provide an appropriate range of competition to meet the needs of all participants within the region to promote long-term participation in the sport at all levels

Aim	Outcome
To host nationally recognised events in the Region	Establish Competition working group to review competition Calendar and draw up proposals to meet aims and aspirations that will allow development throughout the region for all aspects of rowing Produce regional annual events calendar. To give assistance to clubs wishing to establish new regattas and to develop key events within key regattas to facilitate Senior Rowing
To contribute to the agreement of the new national competition structure to provide athlete pathways in accordance with LTAD principles and to promote long term participation .	Implement nationally agreed changes through the competition working group
3. To assist the ARA in the introduction of the new on-line entry system	All Clubs using on-line entry system
To train umpires, race officials and coxes	Assist in the implementation of the national training scheme for umpires Encourage all clubs to develop pool of umpires and race officials
	To develop co-ordinated cox training

4.6 INCREASED PARTICIPATION THROUGH NEW INNOVATION

NEED:

- Provision of opportunities for people from disadvantaged communities
- Change the perception of rowing as an elitist sport by maximising opportunities for people to participate

STRATEGIC OBJECTIVE:

To substantially increase the number of participants by providing new opportunities for all to participate in rowing on and off the water, thus promoting long term participation, and the promotion of healthy living

AIM	Outcome
To develop new opportunities for recreational and touring rowing to promote rowing as a family friendly	Establish Recreational Rowing Sub Group of the NRC
sport	Provide representation from the region on the newly formed Touring Committee
	Host the national recreation rowing tour by 2009
	Identify and support clubs wishing to apply for recreational rowing status and funding.
	Create informal opportunities for recreational rowing through the development of opportunities linked to major tourist attractions, the three key waterways and other natural resources e.g. Lake District.
	Establish links to Primary Care Trusts to promote the health benefits of recreational rowing
2. To develop Indoor Rowing as a sport	To develop Indoor rowing leagues with local schools and based on the three rivers partnerships linked to the School Sport Co-ordinator Programme
	To develop adult indoor rowing leagues in partnership with Local Authorities and private fitness concerns
	To develop Intra-regional Indoor Rowing Schools Championship linked to the indoor rowing leagues.
	To establish a North East Indoor Rowing Championship by 2007
3. To promote the development of	To market the opportunities for rowing with key

corporate rowing	corporate organisations across the region
	To offer support to clubs establishing corporate rowing opportunities
	To actively use the development of corporate rowing to secure additional sponsorship
To provide opportunities for participation from sections of the population that might not otherwise consider rowing	Liaise with community-based organisations and schools to promote taster sessions to demonstrate the value of rowing to contribute to their overall programmes.
	Work with groups and organizations tackling antisocial behaviour and substance misuse amongst young people to demonstrate rowing can be a valuable tool in tackling such issues.

4.7 YOUNG PEOPLE

NEEDS:

- Promote accessibility to the sport
- A plan to maximise access for young from areas that are in danger of being excluded from mainstream provision
- Increase the numbers of young people playing a leading role

STRATEGIC OBJECTIVE:

To increase the number of Young People starting rowing and provide a broad based range of activities to encourage long-term participation in the sport at all levels.

Aim	Outcomes
Ensure that young people can	All clubs with Junior sections to be working
participate in rowing at all levels in a safe, child friendly environment	toward club mark accreditation
·	Encourage clubs to undertake regular child protection training
2. To maximise school/club links	Develop key relations with School Sport Co- ordinator Programme
	Continue support for clubs participating in Project Oarsome
	Give support to any clubs securing Project Oarsome Xtra status
	Develop the go-Row programme aimed at 11-14 year olds
	Develop competition pathways for Indoor rowing
Develop the technical, physical and leadership skills of young rowers	NRC to consider Junior representation on the Rowing Council
	Clubs to be encouraged to establish Junior rowing sub- committees to work with Club Welfare Officer and Junior Co-ordinator
	Encourage clubs to introduce Junior Rowing Leadership Scheme

Promote National Junior development programmes
Provide assistance to Clubs wishing to work with young people from areas of Multiple Deprivation
Provide support to identify participation opportunities within clubs for young people
Identify community based opportunities to allow young people the opportunity to be introduced to rowing.

4.8 **VOLUNTEERS**

NEEDS:

• To value, encourage, support and develop volunteers at all levels and increase the number of active volunteers supporting the sport.

STRATEGIC OBJECTIVE:

To increase, retain and support volunteers

Aim	Outcomes
1.To value, encourage, support and develop volunteers at all levels and increase to number of active volunteers	Work with clubs to develop strategy to increase volunteers
supporting rowing	Assist clubs fund training for volunteers
	Organise regional volunteer training events
	Give due recognition to volunteer achievements and contributions through all available communication sources
	Encourage clubs to register for the national VIP programme
To provide training and support for club volunteers	Establish an annual programme of volunteer education and training and support in partnership with other service providers

4.9 ATLETE DEVELOPMENT

NEED

• To develop a consistent approach to athlete development across the region

STRATEGIC OBJECTIVE

To introduce a model to allow a consistent approach to the development of all athletes

Aim	Outcomes
Ensure the ARA Sequential Training Model (STM) is introduced in all clubs	Assist clubs introduce the STM with regard to Athlete Development
	Hold Training Seminars as appropriate
	Utilise ARA support to disseminate key details in relation to the STM

APPENDIX 1

THE CLUBS

Division One of the ARA is an area bounded by The river Tweed in the North, and the River Tees in the South, Brampton in the West and the North Sea to the East. There are **ten** open non-university clubs in the region:

Berwick ARC
Cambois ARC
Chester le Street ARC
City of Sunderland RC (formerly South Hylton)
Durham ARC
Hexham RC
Talkin Tarn ARC
Tees RC
Tyne RC
Tynemouth RC

Nine School Rowing Clubs

Durham High School
Durham Johnston
Durham School
Newcastle RGS
Ponteland High
Queen Elizabeth Hexham
St Leonard's, Durham
Tynedale High
Yarm School

Five University Rowing Clubs

Durham (this is an open club as it has World Class Potential Designation) Newcastle Northumbria Sunderland Teesside

Fourteen Durham College Rowing Clubs

Collingwood Graduate Society Grey Hatfield St Aidan's

St Cuthberts Society

St Chads

St Hild and St Bede

St. John's St Mary's Trevelyan University College

Queens Campus (John Snow/George Stephenson Colleges)

Van Mildert

COACHING AND TECHNICAL EDUCATION

Objective: To ensure that all participants receive the coaching they need to perform to their optimum level, enjoy their rowing and improve their health. This will be achieved by improving the skill base of coaches at all levels through high quality coach education and by defining excellent career pathways for both the paid and unpaid workforce.

NRC Aim: To make the region self sufficient for its coaching and technical education needs by identifying coaches, qualifying them and developing them through all Levels of the ARA Coach Education continuum enabling athletes of all ages and all levels of performance to receive an appropriate standard of instruction

Action	Resources	Person Responsible	Budget	Timescale	Success Criteria
Send Representatives to Tutor and Assessor updating on Sept 17/18 2005	ARA Funding ARA National Coaching Staff and	Coaching Commissioner		Sept 2005	All current tutors and assessors updated
Send representatives to assessor training	Officers			Autumn 2005	
Organise regional coach education seminars		CDO		Dec 2005	Steve Gunn delivers coaching seminar in Autumn 2005 Each rowing sub-committee to deliver an annual seminar
Undertake a review of Coaching Management Structures identify priority targets and implement findings		Wade Hall-Craggs/Barbara Millns Junior Co-ordinator		2009	Review undertaken & proposals issued
Set targets for increasing numbers of Tutors and Assessors					
Set targets for increasing numbers of coaches with relevant qualifications				2009	Each sub area to be self sufficient in Tutors and Assessors
		River Partnerships in conjunction with Wade Hall-Craggs		On-going	36 Dry Instructors/yr 36 no Level 2 /yr 4 No Level 3 by 2009 1Level 4 1 Level 5
Work with appropriate Universities/Local Authorities to develop community coaching infrastructure and to train and improve the skills of club coaches				Spring 2006	River sub-committees to establish key links with partner colleges and universities by Dec 2005
Work to establish Coach Education Centres on each river to allow local delivery of Coach Education and to identify appropriate sources				Dec 2005	Establish Coach Development sub-committees on each of three major rivers by Dec 2005
Region to produce an annual programme of coach education to include coaching courses, workshops, seminars and training days in partnership with other service providers eg County Sports Partnerships, Colleges of FE etc					Coach Dev sub-committees to commence drawing up programme for submission to regional coaching Commission Commence Jan/Feb 2006 for submission in March 2006 for regional programme to be finalised
To develop a coach mentoring scheme To liaise with the ARA nationally regarding the development of the Sequential Training Model.					Coach mentoring opps to be offered on annual sculling camp J16 camp and beginners sculling camp commencing August 2005

CLUBS AND MEMBERS

Objective: To increase the capacity of the Sport to provide high quality rowing opportunities through well resourced and supported clubs, by designing and implementing accredited rowing programmes, with the result of increasing the number of ARA members by 20%.

NRC Aim: Encourage all clubs to participate and co-operate at a local level to ensure rowing develops strategically in line with the National and Regional Forward Plans and meets the needs of local communities.

Action	Resources	Person Responsible	Budget	Timescale	Success Criteria
Assistance to be given to clubs to publish Forward/Development		CDO			All PO &PoX clubs to publish Forward/development
